Technical Events

PROMPT AND PANIC

PROMPT AND PANIC is an AI-based technical and creative event by COGNIVERGE that challenges participants' creativity, logical thinking, and prompt-engineering skills.

- Round 1 – Wrong Answers Only: Give creative and intentionally wrong answers to technical questions.
- Round 2 – Prompt Master: Recreate an AI-generated image using an effective prompt.

BYTE HUNT

BYTE HUNT – COGNIVERGE'26 is a technical riddle challenge designed to test participants' knowledge and quick thinking.
Solve a series of technical clues to find the correct answers.
Each answer reveals a specific letter for the final word.
Collect and arrange all the letters to form an 8-letter hidden word.
Crack the clues, collect the letters, and unlock the word.

POSTER PRESENTATION

Have an idea worth sharing? Bring it to life through creativity and design! In this event, teams can choose any topic of their interest and create a poster showcasing their original ideas, research, innovations, or solutions to real-world problems.
Participants will present their posters to the judges, explaining their concepts, highlighting key insights, and demonstrating their creativity, knowledge, and communication skills. Let your poster speak for your ideas and make your presentation stand out!

SAVE THE CITY

SAVE THE CITY – Disaster Management Challenge
Use technology, strategy, and limited resources to tackle natural disasters, rescue people, and protect the city. Work as a team to save lives and build a safer future!
Think Smart. Act Fast. Save the City!

UI/UX DESIGN

Unleash your creativity in this exciting UI/UX design challenge! Participants will pick a mystery chip from a bowl, revealing a surprise theme such as Automobiles, Architecture, Travel, Healthcare, Food, Education, or Fashion.
Based on their assigned theme, participants must create an innovative digital interface that combines creativity, functionality, visual appeal, and user-friendly design. Showcase your problem-solving skills, think outside the box, and transform a random theme into an engaging digital experience.
Pick a chip, discover your theme, and design your vision!

Non-Technical Events

TREASURE HUNT

Treasure Hunt is an exciting campus adventure where teams solve riddles, scan hidden QR codes, and follow clues across different routes to reach the final treasure. With fake QR codes adding an extra challenge, participants need teamwork, quick thinking, and observation skills to win the race. No coding or technical knowledge required—just adventure, strategy, and fun!

IPL AUCTION

Participants will compete in teams, analysing player strengths, managing virtual budgets, and outbidding rivals to assemble a winning squad. With a unique player pool system, this event brings a fresh auction experience to MGIT, challenging participants to make strategic decisions, identify valuable players, and balance their teams effectively.
Gather your team, sharpen your cricket knowledge, and experience the thrill of bidding, strategy, and competition!
Build your XI. Master the bids. Own the auction!

ZERO CODE ZONE

Get ready for an exciting, task-based gaming event that tests your speed, skills, teamwork, and problem-solving abilities! Participants must complete a series of fun challenges within a specified time limit, with each task carrying points.
The event features individual and group competitions. Individual participants compete to finish all tasks in the shortest time, while teams are evaluated based on points earned and time taken. Separate prizes will be awarded to the winners of both categories. Think fast, work together, and race against time to claim victory!
Think Fast. Act Smart. Win Big!

COVER THE SPOT

Get ready for a fun-filled challenge where precision, focus, and strategy lead the way! Cover the Spot is an exciting non-technical game that tests your accuracy, concentration, and ability to hit the target.
Participants must aim carefully and cover the designated spot with precision, making every attempt count. With thrilling challenges and friendly competition, the game promises an engaging experience for everyone.
Bring your competitive spirit, test your skills, and aim for victory!
Aim Right. Cover the Spot. Claim the Win!
